

How to Combine Two or More Course Sections in CaneLink

Before you get started:

- If the combined course sections will be assigned a department space (excluding GPC spaces), the owner of the department space must be the **PARENT** course section
- The **PARENT** department must be tasked with combining the course sections.
- Take note of both the parent and child **CLASS Nbr generated** given by the system when the section was **SAVED**.
 - Example:
 - **PARENT course section**
 - RED 630 5U class # is **13063**
 - **CHILD course section**
 - ARC 584 5U class # is **13064**

OFFICE OF CLASSROOM MANAGEMENT

- **First course section** (called the **PARENT**) **must have** the meeting pattern and instructor for meeting pattern information entered. For example, **RED 630 5U**

The screenshot displays the 'Meetings' tab in the Classroom Management system. The 'Class Sections' section shows the following details:

| Session: | 1 | Regular Academic Session | Class Nbr: 12448 |

The 'Meeting Pattern' section is currently empty. A red box with arrows points to the empty 'Meeting Pattern' and 'Instructors For Meeting Pattern' sections, with the text: "Child Meeting Pattern & Instructor for Meeting Pattern **must** be BLANK".
